But Durza gave Eragon a grievouswound across his back, and Eragon suffered terrible pain because of it, despite the spells of the Vardenshealers.And in his pain, he heard a voice. For Sloan murdered a watchman so as to let the Razac into the village, where they might take Roran unawares. And her name wasSaphira.Then Galbatorix sent two of the Razac to find and retrieve the egg, and they slew Garrow and burntEragons home. But to Eragon and everyone in the Varden, it looked as ifMurtagh had died, and Eragon was much saddened.And Ajihads daughter, Nasuada, became leader of the Varden. Names, characters, places, and incidents either are the product of the authorsimagination or are used fictitiously. Which scene was your favorite? They too warred with the dragons. Page 4 5. The movie that was made would have been a huge success if the film makers had stayed true to the characters in the book. And the eggpassed into the care of those who still fought against Galbatorix, those who are known as the Varden.The elf Arya carried the egg between the Varden and the elves in search of the human or elf for whom itwould hatch. From Tronjheim, the seat of the dwarves power, Eragon, Saphira, and Arya traveled to the northernforest of Du Weldenwarden, where live the elves. But can they topple the evil king and restore justice to Alagaesia? Gerrard Doyle has a beautiful voice and the life he instills in his characters makes them so much more real - and there are quite a few. But theelves were stronger than the dwarves, and they would have destroyed the dragons, even as the dragonswould have destroyed the elves. And by thisjoining, they created the Dragon Riders, who kept the peace throughout Alagasia for thousands ofyears.Then humans sailed to Alagasia. And the horned Urgals. And he gave to Eragon Zarroc,that had once been the sword of Morzan, first and most powerful of the Forsworn. With newly updated interlocking art across the spines of all four books!Fifteen-year-old Eragon believes that he is merely a poor farm boy-until his destiny as a Dragon Rider is revealed. It's the reason the Harry Potter and Twilight transition from book to film was so successful - the films stayed true to the characters and story lines whereas with Eragon the characters in the film had, at best, only a vague resemblance to the detailed descriptions of the characters in the book (& Arya looked nothing like her description in the book) and, if you had not read the books, the film made no sense at all © 1996-2014, Amazon.com, Inc. Published in the United States by Alfred A. And Galbatorix and the Forsworn cast down the Riders and burnt their city on the isle of Vroengard andslew every dragon not their own, save for three eggs: one red, one blue, one green. Then Eragon and Saphira flew to Surda, where Nasuada had taken the Varden to launch an attackagainst Galbatorixs Empire. Page 3 4. And so it came to pass that Eragon, an orphan of only five-and-ten years, found the egg within themountains of the Spine. What did you like best about this story? Page 9 10. Withthe Urgals was the Shade Durza: a sorcerer possessed by the spirits he had summoned to do his bidding.After the death of the Forsworn, he had become Galbatorixs most feared servant. Gifted with only an ancient sword, a loyal dragon, and sage advice from an old storyteller, Eragon is soon swept into a dangerous tapestry of magic, glory, and power. He enslaved the black dragonShruikan and he convinced thirteen other Riders to follow him. Before long, Eragon doesn't know whom he can trust.BrisingrThere is more adventure at hand for the Rider and his dragon, as Eragon finds himself bound by a tangle of promises he may not be able to keep.When unrest claims the rebels and danger strikes from every corner, Eragon must make choices that may lead to unimagined sacrifice.InheritanceLong months of training and battle have brought victories and hope, but they have also brought heartbreaking loss. Brom taught Eragon much about swordsmanship, magic, and honor. Knopf, an imprint ofPage 6 7. And the voice said,Come to me, Eragon. While Oromis and Glaedr trained Eragon and Saphira, Galbatorix sent the Razac and a group ofsoldiers to Eragons home village of Carvahall, this time to capture his cousin, Roran. I enjoyed how you share Eragons journey from simple farm boy to Dragon Rider and I love Saphira's development and the sense of humour and possessiveness she has for Eragon. But Roran hid, andthey would not have found him if not for the hatred of the butcher Sloan. With the Varden,Eragon met again the girl Elva, who had grown with prodigious speed because of his spell. It was to Brom that the elf Aryahad meant to send the blue egg,Page 10 11. And so a truce was struck and a pact was sealed between the dragons and the elves. Then, as Arya traveled to the elven city of Osilon, a group of Urgals attacked her and her guards. Their scales were like gems, and allwho gazed upon them despaired, for their beauty was great and terrible.And they lived alone in the land of Alagasia for ages uncounted.Then the god Helzvog made the stout and sturdy dwarves from the stone of the Hadarac Desert.And their two races warred much. The Forsworn died, butnot he, for his strength was that of all the dragons, and none could hope to strike him down.In the eighty-third year of Galbatorixs rule, a man stole from his castle the blue dragon egg. The twins also abductedMurtagh and spirited him away to Galbatorix. Then Roran convinced the villagers to leave with him, and they journeyed through themountains of the Spine, down the coast of Alagasia, and to the southern country of Surda, which yetexisted independent of Galbatorix.The wound upon Eragons back continued to torment him. But the Razac slewBrom when next they met, and Eragon and Saphira only escaped with the help of a young man, Murtagh,son of Morzan.During their travels, the Shade Durza captured Eragon in the city of Gilead. Then the elves sailed to Alagasia from across the silver sea. Come to me, for I haveanswers to all you ask . And in this manner, five-and-twenty years passed.
